“ where to start: marge was always a happy person. one of my favorite memories. we were attending a wedding of for my niece connie. she was marrying a man named rick Nyberg. when we walked into the dance marge was sitting on randy's lap. both of them had this big grin and I told uncle butch that I thought there was going to be another ruleford --Nyberg wedding. glad to there was too. another great memory was when auntie anne and marge and I(linda) got up at 5am to go shopping on black fri. . we had to get there early so we could get the free stuff. it is a large space you left us in and our memories will be like flowers in spring time. Jesus is the gift that perfectly the size of every heart. god bless you and your family. we love all of you. linda and butch

“ I graduated with Margaret from high school but I did not know her well. I want to express my deepest sympathy to Randy and to their children, grand children and great grandchild. May the memories you have of your 45 years of marriage, and those shared with her children and grandchildren, always comfort you. You now will have a special person watching over you from above. Spiritually Margaret will always be with you. You will be in prayer and thought at this sad time.

“ I am very sorry for your loss!! Your mom was one of the funniest, happiest, and most caring people I know. I remember when we were all kids making no bake cookies, not to mention the million of sugar cookies she would make and we would have to help decorate. I also remember her paying me to comb her hair all the time!! She will be missed greatly but definitely not forgotten!! Love you mom.

“ *I truly feel blessed to have had Maggie in my life. She always made me feel so loved and gave the best hugs. I loved going to our Wednesday coupon meet up and see her smiling face. She was always so positive, caring, warm and kind. Never a cross word was heard. I will always remember hugging her in the hospital and telling her I loved her and she said she loved me too. She will always be in my heart. Heaven gained another angel. I love you Maggie Maggoo*

*My heart is breaking knowing that we have lost such a terrific woman. She was my side kick for so many years and we did everything together. Unfortunately, when I moved to Oman we lost contact. I remember going to the lodge together, partying together and just hanging out with each other. I remember when we decided to do something crazy (imagine that) and so we decided to take the car and go down the back roads listing to the tunes as loud as we could crank them and when a song came on that we liked, we would stop the car in the middle of the road and do what we called "Blacktopping" and dance like crazy. When the song was over we would get back in the car and drive again until another song we liked came on and do it all over again.*

*She was an inspiration to me and many others. Our kids grew up together and they always knew they had two Moms to care for them. Randy, I love you and those kids and we talk about you guys a lot. You guys stay strong - hang on to each other, and love each other as Margie would have wanted. Please know that I am here if any of you should ever need me!. We may have not contacted each other in the past years, but Randy, you guys were always in my heart and I will continue to carry her with me forever. I love you guys!!!!*

“ Marge was always a friend you could count on. We had not been able to be as close as we once were in the past few years, but her memory and friendship will stay with me forever. She was always there to help anyone if they needed, Her thoughtful surprises when someone was in need was overwhelming. She was definitely one of God's angels here on earth.  
I love you and you will never be forgotten.

“ Marge was a true blessing to many. I worked with Marge for six years at the police department. Boy did we love to coupon. Always sharing our deals. She made sure when I started my new job, I had plenty of peppermints :). My girls loved to come visit her. She was the "Candy Lady"! She always shared in the joy of whatever my girls were doing. I remember our last lunch date at the beginning of September. She was full of joy and happiness. Marge will truly be missed. Always smiling and caring for others. Many Gods peace comfort her family. Heaven gained an angel. Marge, Amy made Ziya her paper folded thing as I called it :) Love you marge.

“ Marge was one of the most caring people I have ever known. Marge took care of everyone here at work. If she found out that you liked a certain type of candy she made sure to have it in the candy bowl she kept on her desk. If she knew a certain officer liked her "famous" banana bread she made sure to save a piece for that officer.

Marge worried about us if we were late to work without calling first. I liked to think of her as my "work Mom" and I respected her as much as my own Mom.

I will always miss your smiling face Marge!

I love you.

“ Maggie was a wonderful kind person. She will remain with all of us in spirit. Any of us who knew her will always hear "hi honey " and see her smiling face with those beautiful eyes. She blessed us all. I will miss your physical presence Maggie but I know you are with us in spirit. I pray your family finds peace and is able to go forward with a spirit of joy as you would want them to do. May God Bless us all. I'm sure Maggie is in heaven watching over us all. Love you Maggie...

*I worked with Marge for 7 years at the police station. She was always friendly, smiling and ready to take care of everyone. She came in with candy, coupons and food for all. We loved her bean soup, her dump cakes, banana bread and many other dishes too numerous to mention. She was always looking out for us and If someone coughed she would call out to see if they were ok and would call to check on us if and if we were running a little late . She was full of energy and when we took our walks we could barely keep up with her since she walked so fast but would always let us know when it was "naptime". She made our lives better by being there and she will be missed.*

*Randy, I am so sorry to find out that Marge is no longer with us. I have so many memories of the two of you that are too many to list. I suppose the first time I met you were behind the gym when Larry and Noreen came to Hillbilly Days here in Pikeville. God where to start. I have to stop and wipe the tears away so I can type. I did so truly love the two of you when we first met. I guess it was love at first sight. It was my first year as Raban and I thought that I could do it all. Marge took me aside and explained---NO YOU CAN NOT !!!! Over the years, I grew even fonder of you'all and looked forward fore April to come so I could just love you to pieces. I will never forget the arm coming out of the motorhome to tell me that I needed to eat and rest before I had a heart attack. More tears coming down as I did so love Marge. She was there when I needed a friend, confidant, mentor, and someone to just listen.*

*Randy, I am so sorry for your loss and I can never know the hurt and pain of her passing. I feel that I have lost someone very dear to my heart. She was so special, truly special, and she was God's angel here on earth. She touched so many lives and made you smile and laugh whenever she was there. I will miss her as she was a part of my life.*
