“ *To the family: Marilyn has one of my class mates and was always one of the kindness girls I came into contact with back in the early 70's. It wasn't easy during intergration time and only a few people would take the risk of embracing others of a different race. But one thing I can say about Marilyn, she befriended me along with several others whom I still consider my friends today. I thank God that she knew Him and that I had the opportunity of coming across her path. I pray for your strength during these times and that God will wrap His arms around you as you celebrate her home going. God bless and keep you!*

“ I went to school with Marilyn my entire school years from elementary school on up. She was a very sweet girl, and I'm sure that continued into her adult life. I'm sorry she left us so early. My prayers are with her family.

“ Marilyn was a classmate from grades 7-12. She was a joy to know. I had a chance to talk to her about 10 years after graduation, when she had become a nurse. My deepest sympathy goes to her family.
