GI

Just hearing about his passing sorry for the family loss

Gina - October 15, 2021 at 03:48 PM

MV

*May the light source of all lights bless you always. May it continue to inspire avant-garde work. And that he can send proof that he survives after the death of his physical body.
So be it.*

GH

Dale was an amazing person brilliant person sorry he has passed

Gina Hill - November 15, 2021 at 12:17 AM

EJ

I uploaded this photo just after Dale passed because this is how I remember my best American friend: showing intelligence, a good sense of humor, and determination in our work environment! The one above is a photo I took in 2008. We established a research goal in that year when we published the book that was the result of our first years of investigation of our subject: the scientific proof of the existence of what I call "Other than physical - OTPs" realities. I am still then pursuing the goal of writing a new scientific theory that will expand the present models to incorporate invisible realities and their inhabitants. I am confident that I will reach a point where I can pass the responsibility of this important proof to other scientists. Last year I published in English an overview of my work in the field. Check it on Amazon. Other books are planned, all within our long-run plans. Thanks, Dale, for sharing with me part of your life and some of your ambitious dreams which happened to be the same as mine. We will have in the future a site marvindalepalmer.com where I will share more photos and aspects of our endeavors and good moments. Euvaldo Cabral Jr.
