“ *So sorry to hear, in Australia, of the death of my aunt, Pamela Leck. She was such a vibrant and energetic person (runs in the family) and I know she will be missed terribly by Paul and her sons and daughter. She always remained in touch with her family, no matter where they lived and I know my mother (her elder sister by 10 years) especially appreciated receiving a call or letter from her over the years. Even though the Hall family has spread out over many countries, they had all retained that sense of family, and the siblings kept in touch with each other. I know her husband Paul, and sons and daughter, will miss her terribly. Shalom dear Pam. We will pray for your family. Thinking of you, Trish, Australia.*

“ Pam’s spirit was so intense and so bright, it will linger for a long, long time. My deepest sympathies go to Paul and all who loved her.

I met Pam and Paul a few years ago at a real estate open house. We had such fun and such animated conversation, I knew we had to become friends. When my sisters came to Naples for a visit, Pam and Paul were just as welcoming to them as they had been to me. Just short of getting rowdy, we laughed our way through dinners and luncheons. We had some in-depth discussions as well and Pam revealed good insights and common sense. I was so looking forward to deepening my friendship with Pam and grieve now that the opportunity is lost. I feel blessed to have known her and will never forget her.

*Adorable Pam, farewell.

“ I have only known Pam for 3-1/2 years and she made an everlasting impression on me. She was a remarkable and vibrant woman who always went out of her way to help others. I will always remember her endless giving to everyone. I frequently think about her generosity to those in need. In September of last year, our community was hit by hurricane Irma. She was amazing...she provided meals for the Dunes and Plantation Club employees for several days. They will be forever grateful.

She was truly a faithful, reliable and dependable friend. We shared so much laughter during our "birthday" celebrations, our "social events" and our "game" days.

She will always be in my heart and I truly believe she is resting peacefully with the angels up above.

My sympathies and love are with Paul and her family.

I'll see you someday, my friend.

Love you always, Janet (Teach)

“ Pam was a truly remarkable woman who had lived all over the world and was multi-lingual. A great neighbor, she was full of life and energy. She was at her best when our grandchildren would come to visit. The little ones - ages 4 & 2 -- adored her and Pam would play with them on their level. Not sure who enjoyed it more - the kids or Pam!

It is difficult to believe we won't see her again as she was such a lively person, so energetic and involved, and a major figure in our Dunes community. Always on the go, she never rested in life. Now may she finally Rest in Peace. She is already deeply missed. With deepest sympathy to Paul and the family.

To Paul and family,

We were shocked to hear that you lost your beloved Pam.

Whenever we think of Pam, we remember how friendly and loving she was to our family when we wintered in Florida.

She freely shared her vast knowledge of the area - guiding us to the best health facilities, home decorating outlets, hair stylists and restaurants etc. that " the locals go to " as she put it.

Despite the miles that separated us when we returned to MA, Pam would regularly call and write to see how we were doing. She would also send thoughtful gifts through the mail periodically for no reason " just because. "

You have lost a wonderful wife and mother and, to our family, a dear good friend.

We consider ourselves blessed to have been so close over the years.

Dear Paul,

There are no words to describe the sadness we feel at the passing of your remarkable wife and our dear friend Pam. Pam was bigger than life itself and never missed an opportunity to treat others with kindness and love. If you were blessed to call her "friend" then you know her meaning of friendship went much deeper than its definition. Your problems became hers and she would look out for you, support you in any way she knew how, and guide you. In other words, she had your back at all times.

She would surprise you with freshly squeezed orange juice, a raspberry tart, homemade bread, sand toys when she knew your grandkids were arriving for a visit because that's who she was-a giver with absolutely no expectation of receiving.

Her energy was contagious and she even got my 90 year old Mom to Bingo!

She was deeply committed to "represent all owner's" while participating on the boards and committees she served on.

Her loss will be felt throughout the Phoenician community. As Dr. Seuss wrote,

"Be who you are and say what you feel because those who mind don't matter and those who matter don't mind." This was our friend Pam and she will always hold a place in our hearts.

With love and deepest sympathy,
