“ What do you say about a man that's been around as long as you've been alive? Max was my dad's best friend. He was the one out there with us kids muddin in Green Briar and River Ranch. He was the one egging everyone else to go through something that was too deep so they'd get stuck and he could pull them out. Lol... But he'd never ask anyone to drive their 4-wheeler or truck through something that he wasn't willing to go through himself. When Mrs. Donna came along it was evident that God had placed a very special woman in his life. She was his soul mate. Their camp in River Ranch was where my kids stayed most of the time. It had the works! Cool air, tons of movies and amazing food. These are the things that made Max smile the most. At night after we all filled our bellies with Donna's cooking we ended up gathering on the front porch with a fire in the pit out front for the kids to make s'mores and the radio in the window blaring Country Gold. I'll never listen to Saturday night Country Gold again and not think of him. His laugh would make anyone laugh. A deep belly laugh. He and Donna loved my kids so much as if they were their own. Jacey said, "He loved just to be able to see and just talk to me." Laret said, "He let me sleep on the top bunk at the camp." Max you will forever be remembered and missed by the Langford family. Jerrette and I have so many stories we could tell before we were even married or had kids. We love you!

“ Although we only knew Max for a short time we knew right away Max was a very special person it was like we had known him for years. I loved to sit and talk to him at the office at Lake Placid Campground. He would tell about his kids and how he met Donna and stories of his days on the job. Rest in peace our friend you are greatly missed.
