“ *If there is a chance anyone could reach me my email is blessed71198@yahoo.com. I believe according to my DNA on ancestry that Michael is my biological father. I would have loved to have met him. he would not have known about me as he was very young when he served over in Vietnam and Korea area. I was born in 1965 and my biological mom adopted me out. I am so sorry i never got to meet him. I can only pray his brother and sister can reach out to me as well as siblings or cousins, etc. May God Bless and May Michael be resting in peace.*
