“ *All through school I was a straight "A" student, but always struggled with science as my worst subject. I had no interest in it and therefore it was very hard for me. All that changed when I met Mrs. Morohovich! I still remember Florida Plants and Animals at Pasco High as the time that I actually looked forward to class. Mrs. Morohovich was a great teacher. She made class interesting and it was easy to learn new things. When I went to college, I kept my science requirements until the very end of my coursework because I was still scared it would be hard for me to pass. Instead, I was inspired by my memories of Mrs. Morohovich's class and I graduated with honors. She expected a lot of us, but was also a very kind lady. My condolences to all family and friends.*

“ What an absolute blessing Grandma was in my life and in the lives of my children. She was a model of strength in character, body and spirit. Heaven certainly has acquired another worthy angel. Hugs and prayers to all those sharing in our loss.

“ To the Morhovich family, We only had the opportunity to meet your mother once. She seemed nothing less than kind and sweet. It is not coincidental that her family turned out to be the same. Sorry for your loss and God bless.

“ I wanted to share with you the impact that Mildred (Mrs. Morhovich) had on my life. I am a senior ecologist with the Southwest Florida Water Management District. I've been with the agency for 23 years and oversee the restoration of District owned lands and lake restoration within the 16-county region. Mildred was my 11th and 12th grade biology teacher. She was an exceptional educator. I thought of her often as I pursued my career in life science and built on the foundation that she helped me establish. I saw her in the mid-1980's after I'd accepted a position at the District and was able to tell her how much I appreciated her. I will truly miss her. God bless your family that he give you strength in your time of sorrow, respectfully, Philip Rhinesmith

“ So Sorry to hear of your loss. I remember Millie as a nice lady. Marie Gregory took care of me as a child and I remember going over to Banks and playing with Judy. Please know your family is in my prayers
