“ *Janie, Robert and Bill,*

*With a sad heart I am seeing this news. When I called, late as usual, to wish Mona a "Happy Birthday" and received the message that her phone was no longer in service I started checking. She was a dear lady and special friend to our family...what memories I have of super fun times...Mona was a treasure. Would like to hear from you.

“ *I will always remember Mona from my childhood experiences in Metuchen, NJ. To my surprise, I learned back in the 1970's that Mona was living in Sarasota like myself. We both got lucky. I will not forget her one of a kind personality. She was a nice lady.*
