“ *Hi, Her passing was so unexpected. So sorry for your loss. Looking back I am so thankful that I took the time to go out to dinner with her and my Mom last fall in Sarasota. Afterwards that evening, we drove around Siesta Key while recalling many years of memories and at the same time laughing at our jokes and her endless sense of humor. Now am so glad we all had those moments together....*

“ *I can't believe it is a month ago today I received the phone call that changed my life forever. I love you to pieces and miss you more and more each day. The only solace is knowing you are finally with Dad which you have wanted so badly for the last 2 yrs. You tried so hard to do the best you could without him, but life was never the same for you. I love you. Sue*

“ Dearest Muriel,
Every day when I awake, I think about going over to see you so that
we can talk over anything that's going on with our families or in the
world. I miss seeing you, old friend, and not having you as my
neighbour is a real loss in my life. Peace be with you, and please
give Arnie a kiss for me. I miss you both but know that you are
together again in a better place. Love you!

“ Mom-
I am comforted by the knowledge you are where you have wanted to be for quite some time. When you told me you wanted to go home mid-May I should have asked you which home. You got your wish.

Love,
Mary
