“ *" Be a light so bright..shine so brightly that all that is meant to love you will find you.. Listen to the little bugs, the butterfly's, the wind, all that is alive, the tress, the grass blades..". Natt said this to me.. I forever will listen I will forever shine because of you.. "You are light, be light, stay in the light" I once said to you Natt, I will always love you, you are part of me always.. You are here.. Jatzen*

My prayers, hugs and sentiments to your family, you lovely mother and father..
