“ Well it's been 5 month's now Nichole and you are still on my mind. I think of you almost every day. I still have your number in my phone, I never removed it. And I still see you on Facebook. You left quit an impression on me :o)You were an amazing woman. We used to have some very good long talks about life,husbands, etc. We giggled, we cried, we out right laughed until we had tears in our eyes. Now you are an angel who watches over your family and friends. No more aches or pain's. I just want you to know I love ya and miss ya each and every day!

“ I knew nikki since middle school. She was a great friend. She loved her kids and the people who meant the most in her life. Its ashame this tradgey had to happen to her. It was to soon for her to go not getting the chance to see her kids grow. Shes made her mistakes just like myself but that doesnt make her a bad person. Im sorry nikki i wish there was something i could of done. We will miss you. Your gone but you will never be forgotten. R.I.P Nichole Ververka. Sleep well until we see eachother again
