“ *When Patti became President of the Teachers Association of Lee County, I tried quietly to step down from my role as Building Representative. She not only pulled me back in but got me involved at the state and national level where I grew as a leader and as a person. She had that kind of positive influence on everyone that she met. I will miss this great leader, teacher and compassionate soul.*

“ *We cannot feel life's losses without first feeling the blessings of the life.*

Pat blessed many lives over the years through her teaching career, both students and fellow professionals. She was an advocate for both .

It was an honor to have worked with her at Colonial Elementary.

“ Patti and I felt we were definitely "soul sisters." . She was a wealth of information, a wonderful confidant, and a person i could turn to for help and advice. There was no one she did not know!! Patti was well respected for all she did and loved for her personality and genuine caring for people. i will miss rooming with her at various conferences and our hour-long phone calls. Rest in peace, dear friend.

“ Patti was a dear friend and will be missed very much. We spent many times at Union activities, conventions and meeting. She was a great inspiration to me. We used to joke about the fact that we were born on the same day and time just ten years apart so that made us sisters. She and I also shared the love of knitting blankets and prayer shawls for the sick. What a great person Patti was. I will miss our phone conversations.I love you. Vivian Silbiger .
