“ *I will always remember you as the fun, always joking around Becky. Every time i see a photo of you i cant help but smile. I Will always remember when you made the "Specials Board" at Mels and you always took your time drawing the flowers all around and hiding the dry-erase markers on me. And who can forget your dancing..lol.. always cracked me up.
May you rest in peace.

“ I have taken time to reflect on the memories of Becky. Laughter is my first thought, Becky enjoyed her free spirit ways and had a very warm heart. Shw was an avid animal lover and that says alot about a person. Rest now in peace.

“ *RIP my childhood friend. I'm so sorry to hear of your passing. I pray you are at peace now. I pray that the tears turn to smiles and laughter when your family and friends think of you. I pray that your beautiful Tootsie gets through this difficult time. And I pray that you found my beautiful (darn you tears) Abby (my 5 1/2 year old puppy) to help comfort you...she was really good at that. God Bless you and your family!*

“ Goodbye my Sweet BFF I cannot count the ways I will miss you, but I know we will meet again. You made me laugh all the time so I know you are tired of seeing me cry. I am going to be strong and be positive so you can be proud of me. I love you always and forever... Damn it I said I was not going to cry again.... I LOVE YOU BECKY

“ I have known Becky since we were five, grew up together and were always close. Even though she left for FL many years ago, we talked all the time from OH (good thing for unlimited long distance). It was mentioned she was a free spirit; she truly lived her life the way she wanted, HER WAY. How many of us can say that? I will remember the times we laughed and cried at the same time. Through her struggles and hard times, she kept her sense of humor. She liked to reminisce from days gone by and most recently how it "sucked" (her words, not mine) getting older. Although it seems impossible to let go of her so soon, we all know it is much better for her. No pain, no doctors, no more hospitals and no more worries. As I write this through my tears, I will miss my BFF but she will live on in my heart and in the hearts of those she touched along the way. I know your family, Mark and Tootsie will miss you. Thanks for the memories, Becky. I will never forget you and will always love you.
