“ We did not believe the news & called your cell Thursday night. A woman answered & said you were out with the boys having a few. This is totally strange.... We will miss you! PA Bob. Working at Gulf Coast Ctr. - riding to Miami to pick out a bike. You always rev'ed up under bridges just because I liked it. Going to breakfast, you ordering a gallon of milk. Well, we'll see you again some day. Save a spot. Love, me & Joe
