“ *I don't even know where to being. 58 years of being friends. So many things we shared with each other. Like when we were 16. you stayed at my house with Bonnie and Char we decided to sneak out of the house. Don picked us all up and we cruised thru Buffalo had a blast but when we got home you were the first to head up the basement stairs we all followed you being quiet you open the door and surprise John was standing there we all turned around headed back downstairs went to open the basement door we knew we were caught.. We were all grounded (not for to long). I will always remember all the crazy shit we did. I will for ever hold you in my heart. I will always love and miss you so very much my friend. Till I see you again Roxanne I Love You 💕💕*
