“ *Sally was a very special person....she had an eventful and busy schedule centered around her life long nursing career.....I really enjoyed our association with the entire Franz Family....each family member was so friendly and welcoming and each had so many activities each week to keep up with.....still remember when Greg shot lights out on our first golf outing....he must have spent most of his time on the Links instead of in the ND classrooms.....Best to all Family Members....hope everything is going well.....May Sally REST IN PEACE*

Aunt and god mother Aunt Sally REST IN PEACE REST IN PEACE I hope that I could find you a lot sooner and could have been able to find the reason why I was completely born in a different place than the 4 of my siblings I had been trying for a long time trying to find you and if anyone know how to get in touch with my cousins I would love pitchers too any of me I had and music box that hung by her mother wall in side of her house we bought it together to hang for every time I go over or take and stay over night I sure hope someone still has I would love to have it back if it was possible

MC

Is this the Sally Johnson who was an RN with my Mom, Jacqueline Jacquet Melvin? Please let me know. Loved her! Sincerely, Maureen Christopher
