“ *My dear Shirlee, thank you for taking me into your family and giving me the greatest gift; your son Danny Hornbeck. I will forever be grateful for the unconditional love you gave to me and my family. You were a great grandma to my grandsons, and were always there when I needed your help with Romeo. Romeo loves you and misses you. I have always admired your independence and the way you looked a life in a no-nonsense kind of way. I used to say to myself, I want to be like you when I get to your age. One of my favorite memories of you is being the first one to come to our parties/get-togethers and embracing our food, our culture, mingling with everyone, and then, when you had enough, you will just stand up, say goodbye, and leave! Just like that! I'm grateful for the time we spent together, the books we shared, and all the many memories... Love you,*

*“You are the mother I received the day I met your son. And I just want to thank you, for everything you've done. You've given me a gracious man with whom to share my life. You are his lovely mother and I his lucky significant other. You used to pat his little head and now I hold his hand. You raised in love a little boy then gave to me a man.”*
