“ *Uncle Steve was one of the best! He knew how to have a great time and made the best day for everyone he entertained. Those times were great, but my favorite times with him were when everyone was asleep and we sat outside and had are one on one's. Long discussion getting to know all the stories and adventures. Letting down the guard of day to day life and talking from the heart. He made my heart smile each time I saw him and his loss is felt by all. I am so thankful to had the opportunity to celebrate life with him. His laugh was one of a kind. From Driving Miss Daisy to nearly being swept out to gulf while dolphins laughed to our boat ride and day spent on Kelley's Island. As he would say and I say about him now, he was a gift. Rest peacefully Uncle. You were loved by so many.*

“ I am so sorry for your loss. I didn't know Steve having only met him once or twice but seeing what others have written about him he sounds like he was a really great person and was very loved. You, Billy and Dustin have gone through some really big losses. Somehow, we survive and we carry on. Sending hugs and lots of love. RIP Steve. Laurie
