

## Susan Brenda Langford

April 8, 1940 - July 9, 2019

Susan Brenda Langford (Pfisterer)

Susan had an amazing, adventurous spirit. Her kind heart and sense of humor touched everyone that knew her. She was blessed with many friends she made around the world in her travels and had a way to make each one feel special.

Susan grew up in Haddonfield NJ where she graduated high school and began working as a teller at the Haddonfield National Bank. She married (Richard Langford) and had two sons, Ethan and Josh. She was involved in many Haddonfield organizations including the Presbyterian church working with the senior highs. One of her favorite things was her Bridge club with lifelong friends that met to play and talk but mostly share stories and laugh. She divorced and later moved onto a boat after her sons graduated college to explore the world with her partner Richard Turner. For 17 years they traveled along the east coast from Maine to the keys and spent several winters in one of her favorite places, the Bahamas. They volunteered to help rebuild in the islands as well as spent time exploring and scuba diving the local waters. She enjoyed skydiving, traveling, laughing and spending time with family and friends including her 4 grandchildren Kaya, Jet, Mason and Zoë.

Everyone that met or knew Susan was touched by her sincere and energetic personality. She lived life and enjoyed all she did right to the last day.

Susan is survived by her partner Richard Turner, ex husband Richard

Langford, son Ethan and his wife Carolyn and their children Kaya and Jet and her other son Josh and his wife Lu and their children Mason and Zoë.  
She will be deeply missed by all who were fortunate enough to know her.

“ *She was the love of my life, my very best friend, my helpmate, and my cruising Admiral. We have known each other since 7th grade and "went steady" in 8th and part of 9th grade until she decided she wanted to date the older guys with cars! We went through Haddonfield High School as classmates and remained in touch at class reunions. Our relationship resumed many years later as we both divorced and we have been together ever since. It has been a fun and fulfilling life with travels to Hawaii, Canada, several European countries, England, Australia and New Zealand, and of course many times to the Bahamas on the sailboat "Omeaga" and more recently on the trawler "Courage". Over the years she developed many friendships as a result of her family, work, our cruising and traveling lifestyle and she tried hard to keep in contact with all of them as the years went by. By being among Sue's friends, you have been blessed with her fun loving happy personality and caring affection.*
