“ *My Dear Debbie,*

*I am so, so, sorry for your loss, no Mother should have to go through all that you have been through and although I can't be there with you today, please know that you are in my heart, thoughts and prayers today as you go through this most difficult time. Tabitha was a beautiful young woman from everything I have heard and seen and has left 3 amazing children behind that will carry on her memory. You are an extremely strong woman and by taking one step at a time, cherishing the many memories you have made through the years with Tabitha and loving those beautiful Grandchildren of yours you can make what seems like the impossible possible! I may not be there personally, however, am there with you in spirit praying for you and our family.....I love you!*

“ *Tabitha,*

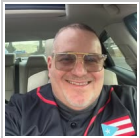

*My greatest memories are when we were kids and spent so much time together laughing, playing, and running around at family gatherings. I will always remember your infectious smile. I am extremely sad that you are gone and wish we had more time as adults to spend time together but I am glad you are at peace and not in pain anymore. Please watch over your Mom and girls and help them from above to get through this excruciating time. I know Sean, my Dad, my grandparents, and your grandparents are welcoming you with open arms. I love you and will miss you.*

“ *A beauty that was only matched by the sun. Tabitha’s personality shined so bright, you couldn’t help but to let her smile warm you and the look in her eyes melt your heart. I missed her so much and never again, will I ever feel, there is always tomorrow. Tomorrow is never guaranteed, but today is a chance. I love you Tabitha, and I am so sorry for not being there as much as I likely should have been. 😞*

*My Dearest Debra,  
My prayers are with you every day! I am here if you ever need to talk. It's very sad your going through this again. But you are very strong and you will survive! You come from strength and a family of survivors! God will be with you every day just ask Him and you will feel Him. I know I've been asking Him for 40 yrs. Hang in there and remember Tabitha is with family and Sean. And always in your heart. I love you honey. Always remember that!

*I want to tell you how much I love you Debbie and feel so sad about your loss and the girls loss , it so hard believe, she was so young and had a long life ahead of her. We all have it planned that we will go before our children. Its hard to understand.. But I do know that we are not promised heaven on earth, but eternal life when we pass away with the Lord.She is happy but I know you are suffering and I wish I could hold you and tell you how much I love you and feel for you. The girls need you and thank God they have you. If you need to talk, call me honey, I am as near as your phone...Aunt Linda*
