“ *Tami was such a light. She was the first person to say hello to someone. She was always there to stick up for someone. She truly was a great friend and I will miss her. I feel privileged to have known her. My deepest sympathies.*

“ *2006. I was new at QWE, silently suffering because of all the computer stuff that was expected of me on grade level, by admin, and by district. It was raining this day, so at 3:00 Tami brought her troop of After Care kids into my room bc there wasn't any other place to be for them. She and I didn't know each other at all, so I asked her if she could kinda help me, since she was already in my room. Guess what?!?! She admitted she hardly knew anything about any of it all either. Fast friends were created that day!*
