“ I worked with vince while i was at betterroads in the 90s and he worked at southern sand @ stone at willowrunand we both worked on the asphalt plant and the agg plant. vince was the consument goto guy, fix it paint it build it, didnt matter what it was ,just do it and get it done. we both shared that idea and worked great together. vince was one very talented guy and he will never be replaced. although i havent seen him in about 12 years i have never forgotten my time working with him. my thoughts are with his familyand my prayers are with you diane
