“ *Mitzi, So sorry to learn of Walter's passing. You all looked so great, as I mentioned, when I bumped into you on the bus to NY a few months ago, and I waited too long for my every-few-years call. Walter was one-of-a-kind and made everyone feel welcome and entertained as well. We worked together in two offices; one where you worked also in Newark. I still remember some of his stories and jokes ("Brick the Camel"). I know you all will miss him greatly. All the best to you, David Mahler*
