“ Here it is almost 10 years later and I still think of you every single day. This is the impact you’ve had on so many people’s lives. How I wish you were still here. I hope you are truly at peace, my friend.

“ I miss waking up to your phone calls. I miss my best friend. You were the one person in my life that knew me better than I even knew myself. We shared so many wonderful, beautiful moments. Sometimes it hurts so bad that I feel like my heart is going to burst and the tears just won't stop! You will forever be in my heart and the hearts of my children. We miss you.

“ I never thought life would take you away from us so early. We still had plenty of things we wanted and needed you for. We have marriages, birthdays, Christmases, etc.. It's hard thinking we can never hear your voice or see your face again. We were expecting you to be around for the rest of our lives. We're going to miss your sense of humor, your calm and reassuring personality, your abundance of knowledge and interests. You may not have been my real father but I did and will always consider you as my dad. You helped raise me and you and my mom together shaped all of us into the people we are today. We will miss you dearly and hoped that you have found peace! A day do not go by that we do not think of you!

“ I just wanted to give my condolences to all of Walter's family and friends. I did not know him personally but came across his obituary online and just wanted to express my sympathy and share a comforting scripture that helped me when I lost my mother and brother. Psalm 34:18 " Jehovah is near to those that are broken at heart; and those who are crushed in spirit he saves."
