

Wilhelm John Radauscher

June 2, 1964 - November 17, 2023

Wilhelm, Willy Radauscher passed away on November 16, 2023. He was a dedicated deputy, a loving father, grandfather, brother, uncle, cousin and loyal friend.

He was born June 2, 1964 to Andreas and Sonja. Willy was a determined, rule following and meticulous child either to the delight or exasperation of his family. Traits which shaped both his character and chosen path. At the early age of 6 Willy announced to his family that he knew what he was going to do when he was a grown up. He had just finished parading around the house wearing his uncles hat and handcuffs. Shortly after graduating from Sarasota High School Willy joined the army in 1983. The beginning of his vocation to protect and serve. He became a MP serving at the United States Disciplinary Barracks, a maximum security penal facility for the entire United States Military. It was during this time he proudly became a father.

Willy continued his pursuit to safeguard lives and protect the innocent by becoming a deputy sheriff first for Sarasota county in 1987 and for the last 25 years for Lee County. Although being a deputy was his calling being a father and grandfather was his favorite role. He loved his children Wilhelm Jr, Jennalin and Michelle. He treasured his time being a doting grandpa to Amaya, Dominick, Christina, Isabela and Michael Jr. He is survived by his brothers Erich and Frank and sisters Monika and Ursula, and many nieces and nephews.

Willy is predeceased by his father Andreas, his mother Sonja, his brother

Andreas and sister Sonja. Willy will fondly be remembered by all those who lives he touched

“Officer Willy kept our school, staff, and students safe. He was always helpful and ready to tackle any project we were working on. Willy was also my friend. A good friend. We would discuss survival strategies during an apocalypse, gardening, house projects, and he’d even listen to me ramble on and on about history and growing plants in the garden. Every morning, he greeted me by saying “Good morning, Trouble! What are you teaching today?” I’ll miss that. The titanic memorabilia he collected and gave me years back is still on display in my classroom. Good memories. Prayers to Officer Willy’s family.

“ *The biggest memories I have growing up was how dad was always working on something. The house, or one of the cars or the yard. There was always a project to be done.*

There was one specific day I remember like it was yesterday, it was when we put the sprinkler system in. Michelle and I were coming down the road to the house from school and we saw the trenches he had already dug. When we got in the drive way we called out to dad, and he came around the corner, saying to me “I’m putting in sprinklers, get changed and give me a hand”.

No matter how frustrating the project, he always taught me how to fix things and be a more independent man.

I miss those times the most. We would get grumpy and bicker with each other while we were working, but when we would finish the project we would just stand back and admire our work.

We had our differences but you are a big part of why I turned into the man I am. I miss and love you.
