“ *I know I speak for the entire staff that worked with Mr. Clendenin in the Boston office of the NASD. He was loved by everyone including members of the financial industry. We mourn his loss but are comforted by the joy in having known him. He had a great sense of humor, was kind and thoughtful and treated us all with respect. There were many many good times shared with him over the years. We extend our sympathy to his family and hold his memory close. Godspeed Mr. C*
